To send via Zelle, please be sure your bank account has been setup for Zelle. You can use a mobile phone or email address. Please note that the first time you send a payment, we suggest you send a \$1 payment to verify that the email you have added is correct. Zelle does not guarantee payments so we want to make sure you are sending to the correct place. The email that you will use to make payment is on the invoice.

Please call me if you have any questions. p : 214.718.1967
